

Case 09/151,617

Dear Mr. Oduyela,

Here are the IDS papers I found in the folder, and some other ones I printed. I have signed off on all of them. All of them are found in the IDS of January 25, 2005. Some of them were filed earlier in other IDS's, but are also included in the IDS of January 25, 2005. The reason is that the case was a mess, papers were apparently lost, and then reconstructed, so the final IDS should include everything.

The applicant has been waiting long enough, and the allowance should go out. If you still have problems, come see me about them (I'm in Knox 5A25, telephone number 571-272-6762), or see a troubleshooter, and show him this, but please, let's not play tag with this folder any longer.

Sincerely,

Nicholas Rosen 1/25/2006

Nicholas Rosen
